WORK HISTORY

Business Partner and Head of Language Programs | 2018 - 2024
Profesores de Idiomas (Argentina)

- Redesigned student communication and feedback processes, improving course retention, increasing enrolment, and enhancing academic performance.
- Coordinated a multilingual team of 70 instructors, managing workflows, schedules, and performance tracking.
- Developed corporate training programs based on client requirements, applying structured needs analysis and continuous feedback.
- Managed budgets, compensation, and reporting with high attention to detail and organized processes.
- Resolved academic and operational issues through clear communication and systematic problem-solving.

Qualitative Market Research Specialist | 2015 - Present

- Conducted qualitative interviews, coded and analysed data, prepared reports, and ensured clear communication across diverse stakeholders and project teams.
- Contributed to international research projects for clients including the Wikimedia Foundation, collaborating with global research agencies such as Ipsos and ICARE.

ADDITIONAL EXPERIENCE

Translator & English Instructor

- Designed customized learning programs using structured planning, clear objectives, and continuous improvement.
- Evaluated student performance through consistent criteria, strengthening analytical thinking and systematic assessment.
- Delivered translation, localization and subtitling for clients in health, marketing, finance, IT, and entertainment, ensuring accuracy, terminology consistency, and deadline compliance.

Customer Care Representative / Back Office

Teletch for JP Morgan Chase Home Mortgage Division

- Resolved escalated mortgage, escrow, PMI, and foreclosure cases using system navigation and data verification.
- Supported representatives with documentation, workflow tracking, and quality checks.
- Applied consistent attention to detail and structured problem-solving in high-volume environments.

Productivity and collaboration Tools:

Proficient with Microsoft 365, Google Workspace, and remote collaboration tools.
